Accounting

Inventory Management

Job & Project Management

Workshop Management

Point of Sale

**Driving Business Efficiency  
with Cloud Applications**

Our team is skilled in these applications so you don't have to be. We can match you with the right solution!

## Xero *Accounting*

**Suitable for: small to medium sized businesses**

Xero is an online accounting package designed to be easy to use and to help keep your accounts up-to-date. The best part about Xero is that it automatically downloads your transaction, meaning less data entry. As an accountant, Xero allows us to be more proactive for our clients.

### Key features:

- Bank feeds (automatically downloads your transactions)
- Debtor and creditor management
- Purchase orders
- Fixed asset management
- Available add-on packages such as Unleashed and Workflow-Max

Find out more about Xero here: [www.xero.com](http://www.xero.com). Xero have also set up 'Xero TV', which is a series of short webinars.

## Timely *Appointment Scheduling*

**Suitable for: businesses that book appointments**

Timely is an appointment scheduling system that makes organizing your staff, clients and suppliers effortless and on track across computers, tablets and phones.

### Key features:

- Calendar for organising your bookings
- Reminders via SMS and email
- Customer details storage
- Online booking
- Sales—handle POS, inventory, invoicing, payments and more.

There are plenty more features. Find out more here: [www.gettimely.com](http://www.gettimely.com)

## WorkflowMax *Job, Time & Invoicing Management*

**Suitable for: creative agencies, consultants, professional services, IT, trades, and more...**

WorkflowMax is a total solution covering all operations from prospecting to quoting, timesheets to invoicing and everything in between. It links with Xero to give you a **total accounting and job management solution**. If your business is job-focused then WorkflowMax is the tool you need!

### Key features:

- Timesheets, invoicing and job templates
- Job and project management - Add costs to jobs
- Lead management and quoting
- Mobile application
- Reports you can customise for greater control

Find out more about WorkflowMax here: [www.workflowmax.com](http://www.workflowmax.com)

## FlexiTime *Staff & Pay Management*

**Suitable for: businesses with remote, casual and flexible staff**

FlexiTime allows you to create payroll, rosters and billing straight from employee timesheets. Ideal for cafes, restaurants, hairdressers—any businesses that operate rosters.

Find out more about FlexiTime here: [www.flexitime.co.nz](http://www.flexitime.co.nz).

### Key features:

- Payroll
- Rosters
- Photo Timeclock
- Billing
- Integrates with Xero & MYOB

## Debtor Daddy *Debtor Management*

**Suitable for: all businesses**

Debtor Daddy is automated debtor control that reminds customers to pay. It keeps track of what is due and sends out reminders in a systematic way. You also get email notification before the reminders are sent, so you always know what is happening. It is fully customisable. It synchronises with Xero accounting software.

Find out more about Debtor Daddy here: [www.debtor daddy.com](http://www.debtor daddy.com).

### Key features:

- Automatic email reminders
- Automatic tracking of payments with direct link to Xero or MYOB
- Customisation of email reminders
- A 'Hit List' view
- A scheduled dashboard
- Ability to add notes against each invoice

## Vend *Point of Sale*

**Suitable for: retail stores, cafés, bars, tourism, adventure operations, health & beauty, and more**

Vend is a cloud-based, beautifully designed, easy to use point-of-sale system that makes it fast and easy to sell to your customers and keep them coming back to your store. It works on iPad, Mac or PC and connects to all the latest hardware — barcode scanners, receipt printers, cash drawers. It may even work with hardware you already own!

### Key features:

- Stock control
- Easily-add buttons
- Customer loyalty programs
- Customise receipts with your store logo and website
- Variants let you define multiple sizes, colours etc.
- Work online and offline
- Barcoding

Find out more about Vend here: [www.vendhq.com](http://www.vendhq.com)

**Access all applications wherever there is an internet connection. No software to install or upgrade.**
